Racine, WI 53404**

Dear Mr. Shakoor,

A building permit was granted by the Racine City Building Department to build a Convenience Store/Gas Station at 2,100 square feet. It was acknowledged at that time it would be a Convenience Store/Gas Station with a liquor license. The building is now complete. We do not have room to expand the building. Therefore we are requesting a variance for the liquor license.

Thank you for your cooperation.

Thank you,

Eihab Atouf
