Distinguished Elected Officials,

I am writing to you to request that the City of Racine consider clearing the lakefront trails, from Pershing Park at the south end all the way to the north end of the zoo. I've been using this wonderful resource when it is clear since I moved here in 2004. With the opening of the north end this year, I've noticed a marked increase in usage by families and dog walkers in addition to us runners. I'm sure the use of our lakefront by our citizens would continue at a high rate if it were available in the winter as well.

Thank you for your consideration.
