Re: Revised State/Municipal Agreement for State Project ID: 2703-00-2/72, West Sixth Street Bridge

We have received a revised State/Municipal Agreement (SMA) for State Project ID: 2703-00-2/72, West Sixth Street Bridge. This revision provides the maximum cap of \$5,000,000.

This Municipality agrees to the following project funding conditions:

- Project costs are funded with 80% federal funding up to a construction funding limit of \$5,000,000. The Municipality agrees to provide the remaining 20% and any funds in excess of the federal funding limit.
- Non-participating costs are 100% the responsibility of the Municipality. Any work performed by the municipality prior to federal authorization is not eligible for federal funding. The Municipality will be notified by the State that the project is authorized and available for charging.

The estimated total cost of the project is \$8,320,070.55 with the City's share being \$2,651,625.55 and the State's share being \$5,668,445.00 (capped). Funding for this project is appropriated in the approved 2021-30 Capital Improvement Program budget. If the Committee agrees, the appropriate action would be to approve the revised SMA and authorize the Mayor & City Clerk to sign and enter into the revised agreement.
