RE: Work Request number: KR 2622522 Non-Standard Street Lighting
CITY OF RACINE located at 2820 NORWOOD DR

Dear MR. BETH:

We require your authorization for the NIGHT AURA® lighting project at the location indicated above. The estimated charge for the work shown on the attached sketch is \$2,023.70 which does include restoration of the site. This estimate expires 90 days from the date of this letter. If unexpected conditions are encountered with this installation, there may be additional charges.

Light Fixtures

Quantity	Fixture	Color	Type	Wattage
1	Cobra-full cut-off	Standard	High Pressure Sodium	150 watt

Poles

Quantity	Type	Mounting Height	Color
1	Wood	30 Foot	Natural

CONDITIONS:

- Sign all of the enclosed documents, including the sketch, and return them with your payment in the enclosed envelope.
- The municipality is responsible for the following charges:
 - Option A - Supplemental (permit, easement, seasonal, restoration, etc.) charges in the amount of \$77.40 .
 - Option B - Installation charges of \$2,023.70.
- All areas where poles, cable and other equipment are to be placed must be within four (4) inches of final grade. Improper grade may result in additional cost to modify or relocate We Energies facilities.
- All privately owned underground facilities (septic systems, waterlines, etc.) are to be located and marked.
- Right-of-way and/or easement(s) may be required.

Please note that We Energies has not designed this installation to the Illuminating Engineering Society's minimum recommended standard for continuous roadway lighting levels.

Material will not be ordered until all signed documentation and payments are received. This order will be released to construction for scheduling when all conditions have been satisfied. If you have any questions, please call me at 262-552-3280.

Sincerely,

DAVE SATTLER

The listed conditions are accepted and authorization is given for the above project.
