RE: 1900 16th Street

Dear Authority:

Racine Community Outpost has a pending offer to purchase for 1900 16th Street for a Community Policing Center. The property is currently a parts store for industrial tools. Community Outpost requests \$50,000 in TID 16 funds to assist in the purchase and rehabilitation of this property for a Community Policing Center. The facility will house two COP officers and hopefully employees of the Department of Corrections. This effort will greatly assist in the revitalization of Uptown and the surrounding neighborhood. We look forward to a good working partnership with the Redevelopment Authority to make Racine a better place to work and live.

Sincerely,
