Racine, City of
John Rooney
730 Washington Ave
Racine WI 53403-1184

Focus on Energy would like to take this opportunity to thank you for completing an energy efficiency or renewable energy project.

We are certain you will appreciate the reduction in your energy bill due to the energy savings associated with your project. In addition to the energy savings, you are also reducing your carbon footprint and contributing to a greener environment.

Each year Focus on Energy is evaluated by a third party to ensure that we continue to meet our customers' needs. You may be contacted by Itron or KEMA, two third-party research firms, and be asked for a site evaluation and/or to complete a survey. If you are contacted, we hope you will take time to provide your feedback.

If your incentive payment is less than you applied for, it may be for the following reason(s):

1. Not all equipment qualified
2. Energy savings or incentive amount was miscalculated or outdated
3. Your utility is not participating in the Focus on Energy program

Please visit <http://www.incentiveswithfocus.wi.gov> for payment details. Your check number, incentive amount and check zip code will be required to gain access to your account.

If you have any questions please contact Peggy Bockenstedt at (888) 509-3247, extension 234 or Kristopher Reimann, extension 279.

Sincerely,

Focus on Energy
