

CITY OF RACINE BOARD OF HEALTH
APRIL 8, 2025

DEPARTMENT: Laboratory Division

PREPARED BY: *Adrian Koski – Grant Coordinator/Research Assistant III*

MONTH: *March 2025*

Highlights

Date	Meeting	Purpose	Outcome
March 2025	Hoy Audubon	Presentation on Water Quality and Pollution	PHD staff presented to the Hoy Audubon on local water quality concerns, pollution sources, and restoration initiatives.
March 2025	14 th Annual National Monitoring Conference	Training	PHD staff attended the 14 th biannual national monitoring conference (Green Bay, WI). Staff attended presentations on water quality monitoring, assessments, trends, communication, emerging issues and solutions.
March 2025	Xylem/YSI	Installation of Root River Sonde	A representative from Xylem/YSI met with PHD Staff to install Root River telemetry sonde equipment operation and calibration. High river water levels prevented the equipment from being completely installed. The remaining equipment will be installed once the river flow is safe for entry.
March 2025	WI Department of Agriculture, Trade and Consumer Protection (DATCP)	Milk Proficiency Testing Program	PHD lab staff analyzed dairy proficiency samples and submitted test results to evaluate analyst competency and retain dairy accreditation.
