Subject: 40 Developmental Asset Presentation

Mr. Snow,

The Youth Asset Team, as part of the Racine County Youth Coalition, would like to report the results of the Racine County "40 Developmental Assets" Survey to the Park and Recreation Board. The presentation runs between 15 - 20 minutes long.

The information covered by the teen presenters includes a description of the asset model, an overview of the survey results, and an explanation of the power of assets to protect youth from risky behavior.

Thank you for the opportunity.
