RE: Amendment No. 1, Contract 35-08 (K8-039), Water Quality Feasibility Study for Three Facilities, AECOM, consultant

We have received Amendment No. 1 on the above contract. This amendment is to include the investigation of three additional facilities for assessment of potential total suspended solids (TSS) reduction and is in the not-to-exceed amount of \$12,200. Funding is available in Account No. 104.000.5330, Monitoring Detection Enforcement.

If the Committee agrees, the appropriate action would be to accept the amendment and authorize the Mayor and City Clerk to enter into the agreement.
