July 11, 2017

Racine Mayor
Racine Common Council

This letter is a request to acquire excess right-of-way from the city of Racine, for a small parcel of land adjoining our property, at the intersection of Northwestern Avenue and Golf Avenue. In 2016 the state of Wisconsin completed a project on a section of Highway 38/Northwestern Avenue. The above mentioned intersection was realigned, leaving this area, which was seeded and three trees were planted. We currently mow and snow plow the sidewalks in this area to insure the maintenance, appearance and safety of our neighbors. Also, to maintain the appearance of the property adjoining our current property, which we take great pride in. Three attachments have been provided.

As a side note we are planning a substantial addition to our existing building this year and would look forward to including this area in our final landscaping design plans.

Respectfully,

A handwritten signature in cursive script that reads "Darryl Sturino".

Darryl Sturino
President
