

Sharon;

As time permits I need the following Legistar communications sent to the common council:

The Fire Chief requests to meet with the proper committee to request that the Mayor and City Clerk be authorized and directed to enter into a professional services agreement for one year with J.H. Meyer and Associates for consulting services relating to the Wisconsin Regional Hazardous Materials Response Team based out of Racine. The cost of the one year extension is \$6,000. Funding is available in account 268.000.5610 – State Haz Mat Consulting Fees.

Thanks

Steve
