Paul Ancona and Alan Eubanks appeared.

Mr. Ancona informed committee members there were some issues with the software being able to pickup images. He stated their department does not monitor this system and he was not aware of the problems until it was recently brought to his

attention. Committee members were informed that the problem was not in the recording, but in retrieving the data. He stated they have been working with the vendor and that problem has been corrected. He now has staff monitoring the cameras day and night. There was a question regarding the retention. Mr. Eubanks stated the retention is for 30 days, but due to the number of images recording, it had to be scaled back.
