Public Works and Services Committee

FROM: John C. Rooney  
Asst. Commissioner of Public Works/Engineering

RE: Colonial Park Root River Stabilization Grant

We have received a grant from the Wisconsin Department of Natural Resources for Colonial Park Root River Stabilization (City Grant Control No. 2008-217). This grant is for installation of streambank restoration and stabilization practices on the Root River between Colonial Park and Lincoln Park. The grant is in the amount of \$41,000 for a project estimated at \$102,500. The grant is a 40% cost share and the Grant No. is USC-SE03-51276-08.

Funding is available in Account No. 104.900.5420, Replacement Storm Sewer Construction.

If the Committee agrees, appropriate action would be to accept the grant and authorize the Mayor and City Clerk to enter into the agreement.
