RE: Washington Ave. & West Blvd. Project

Dear Mr. O'Connell & RDA Commissioners,

I am requesting an additional agenda item for the April 7th RDA meeting. The agenda item should be labeled, "Concerns about the condition of West Racine Redevelopment site (Washington Market Site) and liability issues resulting from recent discovery."

Your assistance regarding this matter would be greatly appreciated and discussion regarding this request is paramount to the forward movement of the Washington Market proposal.

Please feel free to contact Zak Williams (414.303.0236) with any questions regarding this communication.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Tousis".
