**Subject:** RE: Direct referral to public works and services committee

Good Morning Alderman Diehl,

This item will be on the 04/29/14 Public Works and Services Committee agenda. On April 3, 2014, you had sent in a communication regarding Ruby Avenue. I still have a copy of that information and the petition and drawings associated with it. Would you like me to include that information for the meeting?

Thank you.

**Subject:** RE: Direct referral to public works and services committee

Good morning:

I would like to send a communication to the Public Works and Services Committee concerning the repaving project on Ruby Avenue. The project has changed significantly since it was first agreed to by residents and approved in early 2013 and a petition from the residents was submitted on 4/14/14 to delay the project.

Thanks -

Eddie

Subject: Direct referral to public works and services committee

To all

There will be a communication from Alderman Diehl to the pws committee wishing to discuss the paving project on Ruby Avenue. We should be getting a letter tomorrow for our 4/29 meeting.
