Assistant Commissioner/Engineering

RE: Proposal for 2009 Information Technology Consulting

We have received a proposal from AECOM for the 2009 Information Technology Consulting. The proposal is in the not-to-exceed amount of \$15,000 and funding is available in Account No. 101.130.5610, Professional Services. The proposal is to provide information technology services assisting the City, and specifically the Public Works and Engineering groups, in achieving its goal of providing effective municipal services to its clients, taxpayers and city services users.

If the Committee agrees, the appropriate action would be to approve the proposal and authorize the Mayor and City Clerk to enter into the agreement.
