Subject: Request standardized speed limit of 25mph

Dear Jeff Coe:

And all Council Members, plus Mayor Becker;

This is a communication to the City of Racine and the Full Common Council to:

Please have all city streets posted for 25 MPH.

Currently the speed limits change frequently, from 25 to 30 MPH on the major thorough fares.

This is not safe or healthy for drivers OR pedestrians. And encourages speeding.

"Too many" drivers are speeding more than 5-10 MPH over the posted speed limit. Unsafe!

At least if the whole City of Racine was posted at 25 MPH, then a consistency of speed would be easily enforceable.

Please give this matter some strong consideration. I do all the time.

Your constituent and neighbor,
Mercedes Dzindzeleta
609 Seventh (7th) Street
Racine, WI 53403
