Discussion: Myer's Park Design

Dr. Julie Kinzelman presented plans for the redesign of Myer's Park to restore it to a natural coastal habitat with ADA accessible pathways and observation decks with access to the lake and a non-motorized watercraft launch area. This would make the City of Racine the only city in Wisconsin with this type of outdoor arboretum.

Dr. Kinzelman reports that they have received \$80,000-\$100,000 of grant money for the project, which is proposed to cost around \$400,000. The project would start this spring and would not be complete until the remainder of the money is secured through grants, funding & volunteers to off set cost.

Tom Rosholt inquired if the City Forester, Matt Koepnick, was consulted regarding vegetation. Dr. Kinzelman said that Matt is aware of the plan. There will be minimal upkeep by the PRCS staff, as this is proposed to be a natural area.

Mike Frontier moved to approve the concept and plan as well as to continue to work with Parks Recreation and Cultural Services Department on the implantation of the redesign of Myers Park. Kristen Kaprelian seconded the motion. The motion passed by voice vote.
