Massage Parlor Details:

Run down looking place. Dirty windows with the massage posters barely hanging on. Guys only there for one reason. Plenty of Gawkers at the oil change place next door. A convenience store next door, with some rough looking customers.

More Details:

Coco is an old greedy provider, Wants 200 for FS, and wants it up front. I get it, she's been burned before, probably because of bad service. The massage was mediocre and she is somewhat emotionless, very detached. Constantly checking her phone and massaging with one hand. There was a bit of a tease, but she seemed more eager to get to the money part.

She pulled her leggings down and showed me her hairy bush, and admittedly decent belly, skinny though. Rubbing her forefinger and thumb together, she asks "how much you tip?" For what I ask? She says "boom boom???" I was thinking about it until she says 200. Fuck that. She's probably worth 100 w/ BBFSCIP maybe, but she's got some miles on her. I guarantee she fucks every dude who wants it, or so I've been told in PMs here and some other forums.

Nope, not me. I agreed to a HJ for 40, she wanted 80! Are you kidding me? No fucking way. She did settle. Totally emotionless of course. She thought that jackhammering would get me there quicker, it doesn't. You can tell she hates her job and mongers but loves the money.

I believe some of you poor guys are paying too much. They don't get to those numbers (200) on accident. C'mon guys, stop overpaying for these grannies.

The name is now Relax Spa Also known as "Relax West" as they changed the name to Relax for whatever reason. The original Relax is still open in downtown Racine on 6th St. West is kind of dumpy looking from the outside, dirty windows with the typical posters sun faded and edges rolled back, old and worn out like the occupants. It's right next to a convenience or liquor store. West of it is an oil change place that is pretty busy on Saturdays. Ring a doorbell to get in, and you may have to wait outside until someone comes to the door.

More Details:

I had the worst experience I have had in a long time with Coco. Coco looks better than most and a fairly flat belly and tiny A's, probably about 55-60 YO. Basic English, greetings like "hello honey" and "how much you tip?" She collects the house fee and disappears for several minutes. Where do they go for so long? The massage was very lame and low effort, so I asked her if she was busy that day, but she said no, however the day before she was. OK that explains the lame effort on the massage. She offered "boom boom" almost right away, probably because she didn't want to massage anymore. I wasn't getting much out of the massage anyhow.

She immediately starts with the tip negotiation. Again. It's not my first time with her and she should have it memorized. I told her what I always tell her - 160. And you think she would trust me by now, but she doesn't, so each and every time I have to get my wallet out. That is a huge distraction. (I know, I should just lay it on the table, right?) Well, I don't like to pay up front because her service is spotty. But I can see why she wants the money first because I'm sure a lot of guys don't think it's worth it and don't pay up when the debacle is over. She leaves the room yet again for several minutes

So what happened? Well, she wears a skirt and only takes off the leggings but that's where it ends. Nope, she didn't want to disrobe. Kept it all on. So, you lift the skirt and pump away. Lubes you with oil BEFORE the cover, WTF? Then wont remove her top either, just pulls the shirt up and the bra down. Just enough to cup your hands over them and the rest unseen. You feel like you're in the bathroom at a bar for a quickie. SM, Mish and doggie, and she was complaining in CG, because her back was sore from the day before. I laughingly joke with her that she did too many guys the day before and she nods her head no, and gestures "only HJ's", OK sure! She's high volume.

Suddenly, the doorbell rings and she jumps off the table leaves me right in the middle of what could have been a good session and runs to the front door and greets somebody, I hear a female voice in Chinese and a male voice in English, They were talking about some bullshit, the some laughter, wasting my time and finally literally 5 minutes later she comes back in the room and of course I've lost the mood. At this point I'm kinda pissed and she can see it. Now, she want's to finish me by hand, fuck that. I paid good money for this session and it ain't gonna finish up by hand. She looks at junior and points out that he has gone down. Well, no shit...

She worked me back up and tried to reuse the cover, which I laughed at. It was oil soaked and plenty more where that came from under the table. Back to dogg and mish, she can actually take a pounding, but she was wincing. Finally, it was over. Finishes with the hot towel and uses up the rest of the hour with more lame massage. All in all, between the lame service and the interruptions, I wasn't too happy and she kept trying to tell me I should be happy because she was. Yeah, I get it, she's already got her money for some really lame service. To be honest, if I hadn't of tipped up front, I would have tipped much less because with all the frustration, it was only worth 120 at the most. That's why the ones that suck at their job always want the tip up front.

I told her she should give me a partial refund, but you know how that goes. Chinese are greedy and won't give back a dime. I told her that's fine I'll just write a truthful review. Oh and I texted the management, told them in a roundabout way I wasn't happy they responded but in typical Chinese fashion, they blew me off. So here's my review.

FS is almost guaranteed here, but the service isn't the best.

** the service isn't the best" is probably the most understated part of your review. Why anyone would want an Asian granny jacking them off is beyond me, but hey to each their own....*

Great review More reviews should go into this much detail And more guys should hold off tipping till the end I have made a practice of not tipping anything until we are finished and it's been working pretty good for me thus far And I get DATY and Fuck often
