CONTRACT NO. 03

Development Road Construction

This agreement is made and entered into between the Wisconsin Department of Transportation (DEPARTMENT) and the City of Racine Police Department (CITY), to provide for services as described herein. The Wisconsin Department of Transportation and City of Racine Police Department are partnering during the I-94 N-S Corridor Reconstruction Project (PROJECT) to ensure that emergency response capabilities are not adversely affected by roadway reconstruction.

The DEPARTMENT advises implementation of a comprehensive and cost effective transportation management plan that will help ensure the safety, accessibility and mobility for the traveling public in the PROJECT area. The PROJECT area is defined as local development roads in Racine County bordered by WIS 20 on the north, County A on the south, I-94 on the west and County H on the east.

To mitigate traffic impacts caused by the PROJECT, the DEPARTMENT will provide \$60,000 to the CITY. In turn, the CITY will provide planning, coordination and staffing services (as outlined below) in an effort to mitigate emergency incidents in the PROJECT area and stay informed of PROJECT roadway closures and construction progress for a 1½ year period commencing July 1, 2018 and ending on December 31, 2019.

The monies provided by this agreement will allow for the CITY to assist in an as needed basis for the following items:

- Unplanned traffic control assistance during changing traffic patterns and freeway closures affecting local roads and alternate routes
  - Speed enforcement on alternate routes and other local roads
  - Monitor detours and alternate routes
  - Monitor school zones
  - Truck hauling enforcement
  - Rolling closures
- Planning of corridor-wide Incident Response Communication Plan and participation in dry run exercise

## **Enforcement Enhancements**

The CITY shall provide additional enforcement on key alternate routes related to Development Road Construction to keep alternate routes open and traffic moving. These enhancement services will allow for quicker first responses to crashes on key alternate routes, quicker incident removals, and added presence at sensitive facilities (schools, parks, etc.). The CITY shall also assist in securing incident/crisis scenes on CITY streets and attend Development Road related construction progress meetings and coordinating closure schedules when necessary.

## **Basis of Payment**

The CITY shall charge actual costs incurred and attributable to the work performed and described above under this agreement to the DEPARTMENT. The DEPARTMENT will provide to the CITY reimbursable funding for these functions in the amount of \$60,000. Total reimbursement to the CITY for traffic mitigation measures under this agreement will not exceed \$60,000. Billings, or a billing, shall be directed by the CITY to the attention of Keegan Dole, Wisconsin Department of Transportation, Southeast Region, 141 NW Barstow Street, P.O. Box 798, Waukesha, WI 53187-0798 and will include a statement of expenses supported by a description of items and services to be provided and expended.
