RE: Proposal for Inspection of Storm Manhole at 16th Street and Park Avenue

We have received a proposal from Earth Tech for the inspection of the storm sewer at 16th Street and Park Avenue. The proposal includes an internal inspection and providing a summary of its condition and alternatives for correcting the problem. This proposal also includes the inspections of 11 other manholes. The proposal is in the not to exceed amount of \$6,658 and funding is available in Account No. 104.987.5420, Storm Sewers, Misc. Loc.

If the Committee agrees, the appropriate action would be to approve the proposal and authorize the Mayor and City Clerk to enter into the agreement.
