RE: Douglas Avenue

Dear Mr. Jones:

The Douglas Avenue Business Improvement District (BID) Board would like to formally request permission to paint the former trolley cars poles and other black metal poles that are located along Douglas Avenue south of Yout Street. The poles are currently black and some have a decorative cap at the top however all are rusted. The BID Board would cover the cost for labor and materials. The poles would be painted one color with the decorative caps being painted a contrasting color. Both of the colors are yet to be determined but the BID Board will request color approval from the Access Corridor Development Review Committee prior to painting.

If you have any questions please feel free to contact me directly at 262/833-3110.

Sincerely,

David Namowicz
Chairman
