Re: Contract 27-15 (K5-027) PS – Kinzie/Roosevelt I/I Investigation, AECOM,  
Consultant

We are submitting a proposal from AECOM, for the above contract. This proposal is for the Infiltration/Inflow (I/I) investigation to identify specific points of clear water enter into the sanitary sewers and other factors influencing basement flooding in the area centered around the intersection of Kinzie Avenue and Roosevelt avenue. The purpose of this investigation is to identify factors that contribute to excessive I/I and basement flooding and potential mitigation solutions.

The agreement is in the not-to-exceed amount of \$48,300. Funding is available in the below Org-Objects:

\$24,150 – Org-Object 22640-52100, Sanitary Sewer Professional Services  
\$24,150 – Org-Object 60484-52100, Storm Water Professional Services  
\$48,300 – Total

If the Committee agrees, the appropriate action would be to approve the agreement and authorize the Mayor and City Clerk to enter into the agreement.
