Re: Dino's awnings and sign in public right of way

Dino's at 1816 16th Street is asking the Common Council for permission to hang TWO awnings, ONE neon sign, a mansurd and a box sign over the sidewalk.

The neon sign is a replica of the original that was hung in the 1950's. The dimensions are 4 feet wide and 2 feet 9 inches tall. and 8 inches wide. 4 feet would be extended of the public right of way.(See attached drawing).Sign would be reproduced by Michael's signs of Racine.

The Awnings Would be installed above each entrance of Dino's, one above the dinning room entrance and one above the carry out entrance.

The dinning room awning dimensions are 14 feet wide 30" tall and extends 48" over the public right of way. The carry out awning dimensions are 6 feet wide 30" tall and extends 48" over the public right of way

Both are Hunter green in color and display Dino's on the awnings valance. Both would be installed by Forman Awnings of Racine.

The mansurd is existing from the original construction of the building. It extends 16" over the public right of way the length of the building. Including to update file.

The box sign is existing from the 90's. It would be reinstalled over the carry out awning. The sign is 1 foot wide, 3 feet tall and 8 " tall. Including to update file.

Thank you

David Ferderer
