Assistant Commissioner of Public Works/City Engineer

Re: Three-Party Agreement with WisDOT, City of Racine and Strand Associates, Inc. for Design Engineering Services for WisDOT Project ID: 2440-09-00 Washington Ave. (STH 20) – Roosevelt Avenue to West Boulevard

We have received a three-party agreement between WisDOT, City of Racine and Strand Associates, Inc. for the design engineering services for the above project. The agreement will provide preliminary and final design services for the reconstruction of Washington Avenue from Roosevelt Avenue to West Boulevard. These services will provide design services for two construction projects, one from Roosevelt Avenue to Ohio Street as a 6-lane divided roadway and a second from Ohio Street to West Boulevard as a 4-lane undivided roadway. Included within the design are new pavement, new sidewalk, bike accommodations, streetscape, storm sewer lateral replacement, intersection improvements, new traffic signals, new pavement marking, new signs, and new decorative and standard street lights.

The agreement is in the not-to-exceed amount of \$1,598,977.37, with the City's share being \$399,744.30 or 25%, and the WisDOT share being \$1,199,233.07 or 75%. Funding for this project is available in the 2015 CIP.

If the Committee agrees, the appropriate action would be to approve the agreement and authorize the Mayor and City Clerk to enter into the agreement.
