Dear Brian:

My Partner, Andrew Brown, spoke with Mayor Dickert on Wednesday regarding the Jacato Street name change. The Mayor asked when it would be appropriate to enact the change and Andrew responded below with June 1st. He also mentioned that the new name was two words, the first being Anthony and the second my Partner wasn't clear on whether it was Street or Lane or another (see below). I wanted to relate this news to you but also see if you have any clarification on the second word and the effective date.

Thank you for the progress on these items.

Best regards,

Charlie Clarke

Mayor Dickert:

Thanks for your time earlier today.

I hope you had some success with your meetings in Madison.

We are delighted at the good news about changing the name of Jacato Drive. This will make a material difference in the transformation of the street into a quality neighborhood, further moving Racine forward. If you would confirm, I believe the current plan is to rename the street, 'Anthony Lane'. Which is totally fine with us. If this is incorrect, please let me know.

We would like to proceed with the name change as fast as is practicable.

Is it possible to target the change for the first week of June? June 1st is a Monday. That would really be an outstanding start to the summer season of apartment leasing.

We're grateful for your support!

Sincerely,

Andrew W. Brown
