RE: Proposal for 2008 Illicit Discharge Detection and Elimination Program

We have received a proposal from Earth Tech for the 2008 Illicit Discharge Detection and Elimination Program. The proposal is in the not-to-exceed amount of \$48,605. It includes annual field testing, drainage system review, follow up investigation, meetings and summary reports. Funding is available in Account No. 104.000.5330, Monitoring Detection Enforcement.

If the Committee agrees, the appropriate action would be to approve the proposal and authorize the Mayor and City Clerk to enter into the agreement.
