Subject: RE: Nomination - Subgrant Increase

Good morning! The City of Racine initially applied for a CLG subgrant from my office for \$15,000. I then upped the amount to a total of \$19,000 so that additional inventory photos could be taken of properties in the city that previously did not have photos. Finally, I added an additional \$4,000 (for a subgrant total of \$23,000) so that a National Register nomination could be prepared. Let me know if you need anything else.
