City Engineer

February 13, 2023

To: Alderman Mollie Jones, Chair
Public Works and Services Committee

From: Ara P. Molitor
City Engineer

Re: Consulting Services Agreement.

We are submitting on behalf of Commissioner of Public Works a proposal and requesting the signatures to enter into an agreement with AECOM, for 2023 Pavement Inspection and Planning. This proposal would allow AECOM to perform services as directed by the Department of Public Works for the purpose evaluating the roadway pavement system and recommending possible remediation to pavements through the City. AECOM has been performing this service since 1990. They maintain many of the proprietary software and databases that allow the city to program maintenance and reconstruction projects.

Staff recommends that the Mayor and City Clerk be authorized and directed to enter into a professional services agreement with AECOM.

Fiscal Obligation: The "Not to Exceed" amount for this agreement is \$99,950.00. The funding for these services is appropriated in the 2023 Budget in Org. 45040 Obj. 57110 – Pavement Management Services.

If the Committee agrees, the appropriate action would be to direct the Mayor and City Clerk to sign and enter into the agreement.
