

Request for closer of Park Ave-

between 6TH St. and Water St. and Park Ave. Between 6th and 7th for May 26th 2018

between 6th St. and Water St. for Sept 1st 2018

Good Day-

We here at Indian Motorcycle of Racine and The NASH are requesting to have the above-mentioned block of Park Ave shut down as well as bagging meters on the 500 block of 6th street directly in front of the store and across the street.

May 26 is a Saturday in which we are looking to do a bike blessing in conjunction with Veterans Outreach of Wisconsin (VOW). Police and Fire are already being worked with to be part of this as well along with active members of army and navy at this point. We are hoping to finalize and secure a ladder truck to park on Park between 6th and 7th with ladder extended with a large flag atop. We will be having live music all day as well with food and beverage proceeds to go directly to the Veterans Tiny Village.

On Sept 1st We are attempting a world record. With Harleys 115th celebration we are attempting to break the record for number of Indian motorcycles in one place. Park Ave. would be for parking/staging of motorcycles. The group organizing all of this is our riders group. They are in contact with police as well for any traffic issues. Guinness will be here to do official counts as well. We will have music food and beverage all day as well. Monies raised this event will also be in benefit of the Veterans Tiny Village.

Any further questions please feel free to contact myself Randy Treu @ thenash2017@gmail.com or 2624566598.

Thank you for your time and consideration

Randy Treu
