Tom Molbeck
Director of Parks, Recreation & Cultural Services
800 Center Street, Room 127
Racine, WI 53403

Mr. Molbeck,

I am interested in purchasing a large inflatable waterslide and setting it up on North Beach for the summer (2013) from approximately Memorial Day weekend through Labor Day. The slide is called The Half-Pipe Slidezilla. It's considered to be the world's largest inflatable waterslide and is manufactured by Inflated Game Systems. It's 45 feet at its highest point, 125 feet long, 52 feet at its widest and weighs over 3,000 lbs. so it would be deflated each night and left there for the summer. Its meant not only for kids but for people of all ages and I would be charging a fee to slide down it. I feel this is a great opportunity to enhance the image and popularity of North Beach, and at the same time earn some extra money for myself and for the city as well. I look forward to discussing this idea further, at your earliest convenience.

Thanks,
Mark Thomas
