

Attn: Racine City Council

We own a building at 341 S. Main st. which accesses the basement via a stairwell which I am told utilizes city sidewalk space owned by the city. 345 Main st is the address of the door at the stairs. I am asking permission to keep this stairwell as it has been there for probably 100 years. It is in need of repair right now and contractor has been hired to repair in safe and proper manner as required by the city.

Thank You

Michael LaBelle
