i) Set up North Beach for the summer
a) The majority of the month was spent planting trees. Approximately 360 trees were planted in the greater Uptown neighborhood and 630 trees were planted throughout the remainder of the city. The spring planting included 24 new oak, hickory and chemy trees at Pierce Woods Park.
b) Approximately 66 inventoried trees were removed.
c) Crews responded to a pproximately 15 reports of branches down orhanging.
d) A contractor was assigned and began removing an estimated 140 emerald ash borer infested street trees and stumps.
e) A contractorwas assigned and began removing nearly 50 street tree stumps. Parkway restoration is also part of the contract.
f) Most of the wood resulting from this past winter's ash logging project has been removed from affected parks with the exception of Colonial Park. Some saw logs also remain at Johnson Golf Course - plansare in place to remove this wood.
g) Note: Now that spring is here and trees are growing leaves, a sh trees that are infested with emerald ash borer are rathervisible and stand out in the landscape. There is a significant a mount of dead and dying ash trees on private property and we are beginning to require the removal of those that pose a danger to public sidewalks, streets, a nd alleys. Infested trees that do not pose a danger to the public right of way (ie. backyard trees where there is no alley) can and will also be condemned.
