Subject: Request to Apply for \$2,000 Grant from the Root-Pike Watershed Initiative Network

Rashanda,

Please submit a communication to the Personnel and Finance Committee for consideration at their September 24, 2012 meeting, requesting permission to apply for a \$2,000 grant from the Root-Pike Watershed Initiative Network to purchase/install rain garden informational/educational signs (Grant Control Number: 2012-034). The project grant name is "Signage for City of Racine's Sixth Street Rain Gardens". The grant requires an in-kind \$1,000 match that can/will be met through the efforts of city employees installing the signs in rain gardens along 6th Street. There will be no financial impact to the City.

Mark H. Yehlen

Commissioner of Public Works
