To: Alder John Tate II, Chairman
Public Works and Services Committee

From: John Rooney 
Commissioner of Public Works/City Engineer

Re: Contract 20190151, PS – 2020 Pavement Inspection and Planning

We are submitting a proposal from AECOM, for the 2020 Pavement Inspection and Planning. It includes updating the pavement and associated infrastructure asset data in the City's INFRA/PAVE database. It also includes tasks designed to continue to improve the integration of the City's pavement system with other mapping, asset management, and information management systems.

The agreement is in the not-to-exceed amount of \$85,000.00. Contingent upon written authorization by the City of Racine, compensation for "If Authorized" services shall be time and materials with a not-to-exceed amount of \$21,800.00. "If Authorized" services include the inspection of approximately 150,000 feet of pavement in over 330 alleys. A modified PASER rating will be established for estimating and planning of a potential city-wide alley assessment hearing. Total compensation for authorized services and "if authorized" services shall not exceed \$106,800.00.

Funding to defray the cost of these services is available in Org-Object 14001-52100, Professional Services.

If the Committee agrees, the appropriate action would be to approve the agreement and authorize the Mayor and City Clerk to enter into the agreement.
