Matt?

Dear John,

This letter is a request that the city investigate the expansion of the Southside National Register Historic District as recommended in the city publication Architectural and Historical Survey of the City of Racine, and that the matter be referred to the Landmarks Commission for consideration.

It seems that the Wisconsin Historical Society might grant me their historical designation if my home was within a recognized historical district. This status would provide homeowners within this area a better chance of qualifying for historical renovation tax credits, state and federal.

We look forward to your assistance on this matter.

Best regards,
