Legistar Item: 10-5175

TO: Alderman Greg Holding, Chairman
Public Works and Services Committee

From: John Rooney *JCR*
Assistant Commissioner of Public Works/Engineering

Subject: City of Racine/Village of Mt. Pleasant Street Lighting Extension –
Racine Street from 21st Street to 25th Street

The Village of Mt. Pleasant is requesting an extension of the street lighting circuit from the City of Racine located on Racine Street. This need for street lighting is a result of the STH 32 WISDOT Project. The WISDOT engineer did not include the street lighting portion from 21st Street to 25th Street. The Village of Mt. Pleasant wants to extend the street lighting into the Village limits.

If the Committee agrees, an agreement will be drafted for operations and maintenance, electrical bills and utility marking responsibilities. The Village of Mt. Pleasant will reimburse the City of Racine annually for these costs.

The appropriate action would be to approve the request for extension of the City of Racine street lighting circuit into the Village of Mt. Pleasant limits subject to a Municipal agreement being drafted and approved.
