Stripped down and laid on the table without a towel. Sophia walked in and began a pretty decent massage. Some nice teasing here and there in the beginning, but nothing crazy.

At one point, Sophia did walk out on me. Didnt take long and she continued the massage during this, but it was kind of annoying. When she got back, the real teasing began. Lots of asshole rubbing and reaching over... By the time I flipped, I was standing at full mast.

She began a slow, sensual release, and despite clearly going over the 60 minutes, she didn't rush at all. Rubbed her ass over her pants and tits too with no objections. I finally blasted, she cleaned me up, and I was on my way.

I'll probably not be going back. Sophia was friendly enough, and at first glance looked decent. Even though she's Chinese she almost had a Mexican look to her. The massage part was just okay, I've had better. At any rate, the light brushes across Junior made me realize this was going to be L1 at the minimum. Time for the flip.

There was some negotiation for L2 and 3, But these were higher than the going rates that I'm at least am familiar with. All of that would have been fine with a top 10 provider but this is not what we're dealing with. I just agreed to L1. As I laid on the table as the finish proceeded, I got a peek under the shirt as her belly rested on the table. Yeah, she's kind of got a utility.

I don't want to be insulting, but that's kind of a turn off to me. The rest of it might not have been too bad but I had to close my eyes for the finish.

This was somewhat of a disappointing session but I thought I would review it for the fact that there's probably some out there that would desire higher level services with the crew here. I did see the other girl. Probably around the same age. Couldn't do much about her though. She was on the couch doing what spa girls do. Resting and waiting.

Called ahead before I got there, as I always do going to get my massage. This was my first time here, so experiences may vary. House fee was 65 for an hour. Led me to the room, everything normal. Lisa was friendly. Below average English. I undressed, she came in and asked how hard for the massage. She actually have a decent massage, 5/10.

Unfortunately, there was no teasing or getting anywhere near the joystick. When it got time to flip, she pulled the towel, looked and pointed. I nodded my head yes, but then a first happened to me. She grabbed my hand and told me to do it. I was trying to convince her to, but still no go. So of course I had to take care of myself. As I did so, she basically massaged my testies. I believe she said she was new, if that had anything to do with it. So I blaseted, she cleaned me up, and I was on my way.

Not sure the luck everyone else has had here recently, but I probably won't be going back.

First time going here. Looked like she was the only one there. Door was left open during massage and I had nothing on. Massage was typical, although she forgot to put down another sheet and asked me to get off the table while she put it on. On the flip, was allowed UTC touching and I finished. Wrapped up with front massage

First of all, I'm not going to describe all the services. I'm just going to give it a good recommendation and you can go there for yourself. So many of you lurkers only want a sure bet and don't want to spend money taking one for the team.

I settled in and let her do her thing during the massage and there seem to be a focus on a certain area with brushes here and accidental touching there which got me into the mood for the turnover. I'm pretty sure you can command the level of service that you want here. I left happy and drained.

It's always YMMV. First time around wasn't as good as this time.

You can PM me but I'm only here for a limited time as my month is slowly disappearing. If I don't know you or you don't have a history of posting don't bother. Some of you guys know, my reviews are discreet yet accurate and have had many "thank yous" sent for my recommendations.

Arrived to find Jessica looking like she'd just rolled out of bed, and not in a good way. Pudgy, squinty eyes, very average build. Pleasant enough demeanor. The massage was poor. Lot of effort but just didn't hit the right spots. Too many forearms for my liking. What am I, pizza dough? Some teasing, but honestly, I just wasn't in the mood. Her huffing and puffing while massaging didn't help either. Nice person but wouldn't repeat. Tipped standard cmt for the excellent attitude and left.

I didn't know what I was gonna get at this place, I hadn't been there before but I was around the way so I took the shoot and headed over, I got in, everything seemed like a pretty typical visit, the MMS got me in the room where soon enough Jessica came in.

This girl had a good body but she wasn't the cutest, kinda in between, she got me face down and actually gave me a pretty good massage, she had some real training there and I could feel that, she worked out all knots and kinks that I had all over my backside. Sadly she didn't do any teasing and didn't offer any extras after she had me turn over. I would only recommend her for a regular massage, I wouldn't visit again to try to get any extras.

I pulled up, and the place was pretty run down. I was not sure what to expect. Jessica greeted me and my god, was she gorgeous. She had some amazing breasts that matched her ass perfectly. My 30-minute session bumped into a 60. She took me to the room and left while I got comfortable. The massage was quite nice. She had a good amount of strength, and she focused on the area until it was soft. I flipped and gave her ass a small brush. Received no complaints. I kept on rubbing while she massaged my front. That's all that really happened. It's a pretty good rub and the ass rubbing is a nice bonus.

Know what people are gonna say, "why did you go if there hasn't been any new reviews" or "why did you tip so much?" Honestly I felt bad. Place looked like it seen better days, only one lady working the place, and it looked like it needed some TLC. My back had been killing me so I went to give it a shot and see how it would stack up.

Went for a roam attempt, normally I start low and if the provider doesn't mind my hand on the back of her calf before we get to the point she oils my hand. I don't risk ruining her clothes. Should have known when she came in she covered me up fully but you know, you can never be to sure.

Ended up leaving alittle more sore than I went in but about half a hour later it felt like my back had loosened considerably.

Mia is one of my favorites. She's cute, yes a little older but not hard on the eyes. Extremely congenial. The table shower is just that. No play. Covers you with that washcloth to play by the rules.

Vigorous massage though, she's a hard worker and wants to please. Whispers in your ear to ask you if everything is okay. For such a small girl she can really lay down the massage.

I've had half the massage from girls twice the size. She's a sweetheart, good attitude. I'm happy about my visit and I plan to return as often as I can. YMMV.

I've got some PM's from some other members who got the exact great service.

I've been here several times it's one of the Cocotopia Empire massage spas. They are run by a knowledgeable Chinese lady with American roots. The providers are extra careful and this particular spa keeps the door locked and has a doorbell, which is good. I think all Spas should lock the doors and have a doorbell.

First time I rang the doorbell no answer, decided to go sit back in my car as I figured I would be disturbing somebody's session. Turns out I probably was because when I went back oh, she answered the door bell, but I still had to wait. No problem I had called ahead earlier but nobody answered the phone.

Mia was cute, it looks like she Styles her hair with a curling iron a departure from most providers who just wear their hair long and tied back.

The first thing that struck me was her congeniality. She was grateful and even apologetic and because of that I decided to stay. She definitely conveyed to me did I wouldn't regret it and I didn't.

She offered to table shower for \$10 more and it doesn't cut into your massage time. So for about \$70 you get 70 + minutes. I thought it was great addition to the session. Extra cautious and kept the washcloth over my privates.

I'm surprised at how strong of a massage this pretty little woman can give. And she doesn't talk too much either. Her voice is more like a whisper. Takes a little while getting used to her voice, but her English isn't too bad. I did have to listen very carefully and she did have to get the translator out once or twice but there was never any misunderstandings. She's a tad shy with eye contact. I believe though with additional visits she becomes more relaxed with each client.

At any rate, the massage was very good. Upper back, middle back, shoulders, butt and legs, it was a very thorough full body massage. I think I even drifted off into a power nap for a few minutes. That is invigorating, to say the least.

Post flip, she gave me a full frontal massage. The little towel covering my privates until it was finished.

She is genuinely happy to have customers who treat her well. I really like her and I'll be going back.

YMMV as always, just treat her right you'll probably be a repeat customer. For the haters who think a \$40 tip is too much, you really don't know how invigorated I was after. I didn't come here to brag, I came here to let my fellow brothers know there's a good provider in Racine

Massage was good with a lot of elbows and stretching of the back and shoulders. Started with some oil on the legs with some hand brushes of the sack. I think she was trying to send a signal to let me know what was on the menu. When she knelt at my head returned the favor by feeling up her legs and ass. Got my fingers under her pantys and eventually when they were on the floor had free access. Overall good massage and nice ending.

More Details:

I came in and the Monica was there and took my money I think she was the only one there tonight. She is decent looking for her age and her face is much prettier than any other provider I have had. She walked me to my room which is nice and has a door which is great. She left and I got undressed and laid down. She started the massage by lying a full towel over my body and stretched me out than went on with the massage working in a lot of back and ass massage. Overall the massage was very good in my opinion I asked for medium and it was perfect for me. She teased a little during and before the flip had a lot of rubbing around my inner thoughts. She climbed on the table a lot moving around and doing a lot of stuff most providers I have had don't do. On the flip she covered me up and massages my face and head it was alright then grabbed the body of oil and removed the towel without asking for price or anything and piled up my boys and the whole area she started off slow with teasing and massaging the area then went to town and all I can say was it was defiantly not a HE.

I paid for a full hour and wasn't shorted

More Details:

A buddy of mine said this place was worth the visit and he was right, Lulu was the only girl that could see me when I showed up but she looked pretty ok to me, she was young and had a nice body, I was just hoping she'd be willing to jerk me off. After we got in the room she gave me a few mins to get undressed and then we got started with the regular massage, I could feel Lulu had some good experience there, she said she was gonna make me leave with a smile and she did. When she flipped me over I grabbed her butt and she asked me if I wanted the HE, I nodded yes and then it was show time, I liked how her hands felt on my cock, she let me touch her too so I had my fun with the twins, she liked when I played with her tits and she would pick up the pace when I did, not long after I was pretty much there so I popped, she got her hand to a slow stop, wiped me clean and we called it a day, I left her the cash and was out that door.

Went back to see LuLu, she has been my provider for a couple of months. Showed up Friday and she wad nowhere to be found. Met Anna and the review is based solely on her masssge skills as there was nothing beyond that. I didn't try anything and she didn't offer anything.

Older but seems nice,very good massage skills, great effort,no english,

Called on Saturday and was told LuLu went back home. Just when things got interesting...sigh

 Friday was going to be number 6. She did leave me with a great memory of our last visit though. She knew it was the last time so she was very accommodating.

More Details:

LuLu is taller then most women I have seen. Very nice personality and her english is above average. Paid the house fee and was led into a large room, clean and pretty nice. Layed on the table and LuLu started the massage by covering my back with the towel and massaging over it. Then moved it down my legs and finished by folding it up and covering some of my ass with it. Good technique, right amount of pressure, right amount of oil. No teasing to start so I was just enjoying a quality massage. She covered everything very thoroughly even the scalp massage was good.

She went and got the hot towel and wiped all the oil off and then tossed the towel on the table.

She turned around and to my surprise started tickling and teasing all the right places.

Had me flip over and nodded to my hard on and I nodded yes. She turned to get some oil and then grabbed my hand and put it on her chest. As I said very unexpected.

From there it was all a good time, let me roam and she leaned close to give my mouth some nipple play.

Very nice overall. Will become a regular.
