TO: Alderman Ron Hart, Chairman
Public Works and Services Committee

FROM: John Rooney
Assistant Commissioner/Engineering

RE: Proposal for Construction Management Services for Southside Industrial
Park Infrastructure

We have received a proposal from Earth Tech for the construction management of Southside Industrial Park Infrastructure in the not-to-exceed amount of \$156,201. This work includes the construction of Phillips Avenue, new road and parking lot and the installation of water mains, storm and sanitary sewers and appurtenances in Phillips and in the Southside Industrial Park. Funding is available in Account TID #10.

If the Committee agrees, the appropriate action would be to approve the proposal and authorize the Mayor and City Clerk to enter into the agreement.
