Alderman Terry McCarthy, Chairman  
Public Works and Services Committee  
Racine, WI

Re: Amendment to add State Street Lift Bridge Upgrades to Contract 20170032, Electrical Design for Main St. Movable Bridge, AECOM, Consultant

Dear Alderman McCarthy:

The State Street Lift Bridge needs a comparable electrical control upgrade as was done at the Main Street Lift Bridge. Since AECOM was the sole source to provide the design services for the Main Street Bridge, I am requesting that this contract be amended to include the State Street Lift Bridge services. The personnel at AECOM have the experience with the electrical controls on our lift bridges, so would be the most appropriate to provide this service. This will also result in a comparable electrical control system to the Main Street Lift Bridge which will improve our maintenance functions for the lift bridges.

This contract is in the amount of \$129,092.79 with funding available in Org Object 40402 57545, Bridges – State. The total cost of this professional services agreement will be reimbursed by the State of Wisconsin for the State Street Lift Bridge.

Sincerely,

A handwritten signature in blue ink, appearing to read "Thomas M. Eeg", is written over the typed name.

Thomas M. Eeg  
Assistant Commissioner of Public Works/Operations
