Re: Contract 20160026, PS – Capacity, Management, Operations & Maintenance Program,
AECOM, Consultant

We have received a Professional Services Agreement from AECOM for Contract 20160026, PS – Capacity, Management, Operations & Maintenance Program of the sanitary sewage collection systems. The agreement is to:

- Properly manage, operate and maintain the collection system
- Provide adequate capacity for both dry weather and wet weather flows
- Take all feasible steps to eliminate and reduce the effects from SSOs
- Notify parties with a reasonable potential for exposure to risks from an overflow event
- Develop a written summary and audit program

The agreement is in the not-to-exceed amount of \$23,550.00. Funding for this agreement is available in Org-Object 22640-57560, Sanitary Sewer - Misc.

If the Committee agrees, the appropriate action would be to approve the proposal and authorize the Mayor and City Clerk to enter into the agreement.
