Hi John. Please arrange for the preliminary resolution and public hearing, based on input from some of the residents of the 1100 block of Arthur. Could you let me know about when the hearing might happen?

Terry McCarthy
9th District Alderman, City of Racine
Vice-Chair, Finance and Personnel Committee

A request for a preliminary resolution for a public hearing would be needed.

Good Moring Alderman,

I've looked at the alley in question many times and we have also talk to a couple residents on that alley. Today I took John Rooney through the alley with me and we both agree there is nothing we can do to fix the alley it's too far gone. Our recommendation is to reconstruct the alley. Any time and materials put in the alley would be a waste of resources because it will not solve the problems. I have attached some pictures to give you an idea of how bad the alley is. Any questions please feel free to contact me. Thanks Bill

Hi Bill. Could you take a look at 1135 Arthur's alleys? Both the E-W and N-S are pretty rough. Not sure they can be fixed, but anything you can do. Thanks.

Terry McCarthy
