Dave Blank

Dear Stacey,

I am writing on behalf of Real Racine to request the use of the former Walker's site for two purposes for our Ironman 70.3 Racine event on Sunday, July 19:

1) Storage for all race supplies and trucks during the week of the event (Monday, July 13 through Monday, July 20.) This lot will be monitored around the clock by Ironman staff personnel. I have talked to Mr. Friedel about this and, per his instruction, have alerted Ironman that they must remove all pallets and sandbags after this year's event.

2) Parking for athlete and spectator vehicles on Sunday, July 19. The parking lot will be manned by volunteers assigned by Real Racine.

Real Racine understands that it will pay the city \$1.50 per vehicle that is parked in the lot on race day.

Real Racine also understands that if the former Walker's site is sold to a new owner, it would not be available for use for this event.

Thank you for your consideration and support in helping us make this event a success.

Thank you,

Kari
