

09-3098

Mayor Gary Becker and the Racine City Council
730 Washington Ave.
Racine, Wisconsin

I'm asking the City of Racine to take a stand against large, dangerous, illegal fireworks and to stop these items from entering the city limits. We have endured this unsafe condition far too long. We need to tell all those in authority (law enforcement, District Attorney, etc.) that this cannot be tolerated. State laws must be adhered to and followed as they were written.

Please send this communication to the proper city committee for discussion and consideration.

Thankyou,

Robert Morrison
