To whom it may concern:

This letter is in regards to the proposed shed request. We are requesting that the city of Racine Plan Commission /Director of city Development to allow the facility to place the shed towards the rear of the basketball court inside the fenced in area. This would be a much more favorable location in regards to safety concerns as well as parking concerns. In the winter it will be hard to access the shed do to the snow being piled out in the back of the building. Also we would like the shed to be more accessible for teachers and students to access the playground equipment while under the supervision of the teachers at all time and not have to leave the fenced in area. Your support in this matter would be extremely appreciated. If you have any questions or concerns feel free to contact me directly at 262-705-9900.

Sincerely,

A handwritten signature in black ink, appearing to read 'Randy Musaitef', written over a vertical line that extends downwards from the signature area.
