Subject: hours of operation

I am writing this email to inform the committee that I would like to change my business hours. I no longer wish to serve breakfast. I want to be open Sun through Thurs 10:30am to 11pm and Fri and Sat 10:30am to 12am. I would like to be open by July 1st. I understand that the committee will not meet again until July 12th. I have been informed that if I want to open before that date with the liquor license I need to keep the original hours that I listed in my business plan. My original hours were Sun through Sat 5am to 10pm. I will keep those hours of operation and hope that you approve the new hours of operation. Please, let me know if I need to appear before the committee to change hours of operation. I appreciate your time. Thank you for considering my request.
