TO: Racine Harbor Commission c/o James Rooney

Ladies & Gentleman:

The South East Wisconsin Council of the Boy Scouts of America has obtained permission from the City of Racine to use the Rooney & Pugh Recreation Areas for a council wide camporee starting Friday August 19 and ending Sunday afternoon, August 21st. Additionally, we have provided use of the docks and facility of the Racine Yacht Club during those dates.

In accordance with the location and the theme of the event, there will be plenty of on the water events involving Boy Scout troops and Sea Scouts for Ship 5750. In addition to those resources, we will have other boaters attending that may exceed the capacity of the Racine Yacht Club's 10 minute dock. Further, we made need overnight docking for visiting boaters from Kenosha and Burlington area.

We would ask the Harbor Commission to provide us with overnight use of aluminum dock system, just south of the Racine Yacht Club for the express purpose of this camporee on August 19th & 20th.

Respectfully submitted,

Charlie Manning
Treasurer, South East Wisconsin Council, Boy Scouts of America
Skipper, Sea Scout Ship 5750
Commodore, Racine Yacht Club
