Re: Age Discrimination

Dear Mr. Weber:

This letter is a follow-up to your letter dated 5-2-11  
which is a follow-up to my letter dated 4-12-11

Please consider the current BUS policies which enforce  
its reduced fare eligibility provision:

BUS drivers are required to ask a passenger claim-  
ing to be 65+ to provide proof.

BUS drivers are not required to ask the adult ac-  
companying a child they claim to be under age 5  
to provide proof.

Similarly situated - treated differently, it seems.

Please enforce this policy consistently (hence equitably).  
Either both age groups provide proof or neither does, to  
qualify for the reduced fare.

Sincerely,

Mary E. Newbold
