Subject: Use of River Frontage at the Terminus of Superior Street at the Root River

Ald. Weidner,

I understand that you are aware of the impasse reached with Jeff Raffini regarding the use of 60 lineal feet of river frontage at the terminus of Superior Street at the Root River and that the Fifth Street Yacht Club has stepped in. We are about at the point of having an agreement in principle with the Fifth Street Yacht Club. However, the resolution passed by the Common Council was as to Mr. Raffini. That resolution will need to be rescinded and a new resolution recreated as to the Fifth Street Yacht Club.

Would you like me to submit a communication, as a direct referral, in your name to the Public Works and Services Committee for the next meeting? That would get it to the Common Council for action on September 17.

Scott

SCOTT R. LETTENNEY
Deputy City Attorney
City of Racine, Wisconsin
