**Subject:** RE: Alley repairs needed!

Dear Commissioner,

Thank you very much for your swift response.

Yes, please consider this a formal request to add the alley to the public hearings scheduled for 2020.

As for the pothole, do you know when the DPW Superintendent will determine whether or not it is a safety issue? Clearly, my constituent deems it one.

Thank you very much for your assistance.

Best regards,

Jen

Ald. Levie,

This alley can be added to the list of public hearings that will be conducted in spring of 2020. If approved by CC, the alley would be reconstructed in 2021. The process starts with a formal request by you or your constituent. When it is received a preliminary resolution will be introduced to the PW&SC.

I copied the DPW Superintendent on this email. If the pothole is deemed a safety issue then action will be taken to correct it.
